

Mountain States Commercial Credit Management

Mechanic's Lien

Due to multiple requests from our customers we have scheduled a seminar on Mechanic Liens. We will be covering the ins & outs of filing liens, disbursement notices, bond claims and all the required forms that go with them. In addition, we will cover using the internet to assist you with filing your liens.

With the severe decline in our economy accounts receivables have become harder to collect and you have to use all the tools available to protect yourself. Mechanic Liens are one of those tools.

Our Speaker:

Jean Arnold: Jean Arnold has been practicing law for over 28 years -- specializing in mechanic lien and construction law. Her firm represents many of you in protecting your lien rights on construction projects. Jean will be covering the intricacies of Colorado's Mechanic lien laws and Public Project claims and laws. Also included will be utilizing the internet to develop information for filing Mechanic Liens and Public Project Claims. Jean is a partner in the law firm of Arnold & Arnold, LLP and is a frequent lecturer and instructor for various trade associations on the topics of Construction Law and Contracts, Mechanic's Liens, Negotiation Strategy, and Commercial Collections.

Coffee & pastries will be provided – Registration Begins at 7:30 am
